I will concur this am after I hear from Paige she has no additional comments. My question is the one I have had before - why can't we initially ask for a 2 week turnaround on all there letters (instead of 30 days), especially the GD one? If we have to, then we can extend? Thank u. Susan

Paige, you have one Information Request to Explo waiting for your approval in e-routing.
Susan you have 3 Information Request to LNG, General Dynamics, and to the Army in e-routing, waiting for your approval.
